Review: last year's aims and outcomes

Aim 2019-20	Outcome
To ensure Pupil Premium pupils learning is differentiated	This was achieved through the establishment of a targeted approach to PP learners where short term targets are set and reviewed and recorded at least fortnightly by TA in liaison with the class teacher.
Pupil Premium pupils make at least expected progress	Although there was a significant gap in data gathering and formal assessment last year, this year's initial teacher assessment show most PP pupils are making progress in line with their peers. This is summarised in this terms reports to governors.
